

# BIOENERGY:

## Developing Trends and New Opportunities for a Changing Forest Industry

**DEMO 2008**  
INTERNATIONAL  
SEPTEMBER 16-20  
Halifax • NS • Canada  
& CONFERENCE

Sponsored by CANBIO and the Canadian Woodlands Forum, in association with FPInnovations and the Canadian Wood Fibre Centre

September 16 – 17, 2008 • Halifax, NS Canada • Westin Nova Scotian Hotel, Halifax, NS

## OEM PRESENTATIONS/EXHIBIT OPPORTUNITY

The Canadian Woodlands Forum (CWF) and CANBIO (the Canadian Bioenergy Association) will co-host a technical conference entitled, **“Bio-energy: Developing Trends and New Opportunities for a Changing Forest Industry”**. The preliminary program and registration package will be available shortly and distributed to all members of the forest industry across Canada and internationally.

This two day event will take place on September 16-17, 2008 in conjunction with the Canadian Woodlands Forum flagship event DEMO International® 2008 scheduled for September 18-20, 2008.

The **“Bio-energy: Developing Trends and New Opportunities for a Changing Forest Industry”** conference will provide the latest information on biomass supply, sustaining the forest resource, the economics of biomass harvesting, research and development, as well as some examples of regional facilities, timely updates on current demands (domestic and commercial) and emerging market trends. The program will also include a post-conference field excursion to existing facilities and woodlands operations.

The program will be of interest to woodlot owners, forest product companies, suppliers and manufacturers of equipment, logging and silviculture contractors, financial investment firms, government, research organizations and academia.

This is an offer to manufacturers and suppliers in the bioenergy sector to have a small display table and/or make a 10-minute presentation on new and upcoming technology on the evening of September 16<sup>th</sup> in conjunction with a cocktail reception. This would enhance opportunities for technology exchange at the conference as well as give your company so good exposure. To book a space, **complete the attached form and forward by August 31, 2008.**

On behalf of the Canadian Woodlands Forum and CANBIO, I would like to thank you for your interest and consideration, and I hope to see you and your company in Halifax in September.

Sincerely,

Peter Robichaud, R.P.F.  
Executive Director  
Canadian Woodlands Forum
