

# Enterprise **Sovereign** AI for Canada's Forestry Sector

 Made in Canada

[raccoongpt.ca](https://raccoongpt.ca)

# Private. Secure. Canadian.

RaccoonGPT is a sovereign, secure AI platform for individuals and organizations seeking private and transparent access to AI they can trust.

It helps people work smarter, automate, and accomplish more - giving them more time to focus on what matters most.

 Made in Canada

“

RaccoonGPT was built by an expert team of **Canadian technology leaders** at the forefront of digital transformation and AI adoption across government and industry.

# Private. Secure. Canadian.

**100%**

Exclusively Canadian.

RaccoonGPT keeps every state of data within Canada – unlike Microsoft 365 Copilot, Google Gemini, or ChatGPT.

**33%**

More for less.

RaccoonGPT provides more prompts, uploads, and usage than ChatGPT – at a 33% lower cost.

**0%**

Watertight. Zero leakage.

RaccoonGPT does not use any customer data to train our models. PIA and cyber compliant.

Raccoon**GPT**

# Enterprise **Sovereign** AI

**More than just a chat tool. So much more.**

- **Enterprise integration-ready:** API options for your privacy-first agentic AI projects.
- **Agentic Enablement:** RaccoonGPT can customize dashboards to automate your most tedious of tasks, without compromising sensitive information.

# Agentic Options. Endless Possibilities.

## Service plans and available for-fee options:

- Private deployments
- Connected apps
- Agentic AI development
- AI workforce training and professional development

## Agentic 'Easy Button' Customizations Available:

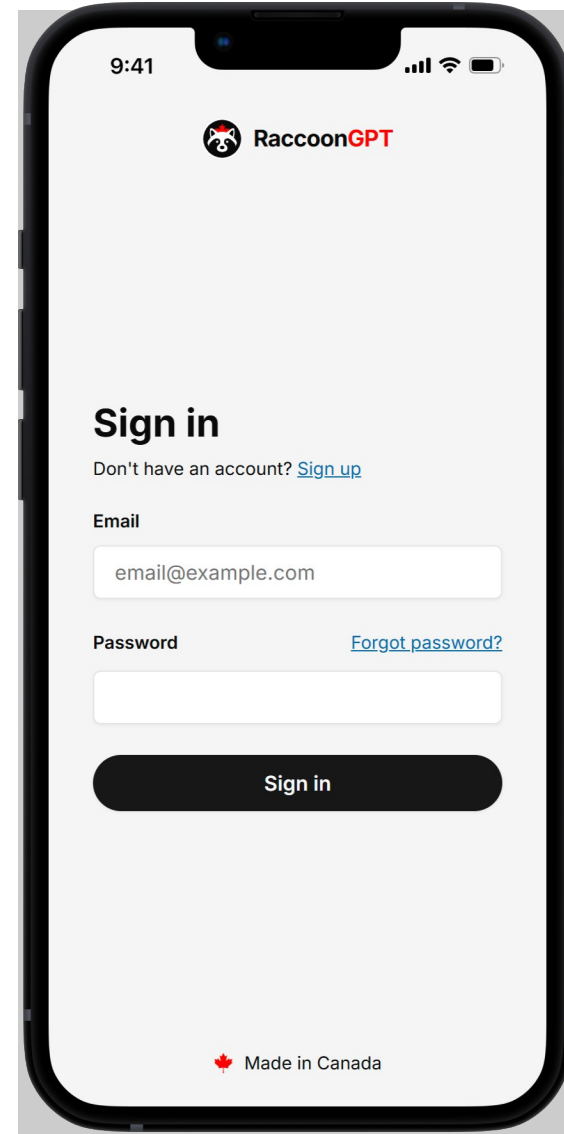

- Agentic AI automation
- HR screening, RFP responses, sales, marketing, strategic planning, and immediate insights from large documentation – while protecting your information

RaccoonGPT

# Your Clever Companion

RaccoonGPT is redefining how organizations adopt and scale artificial intelligence.

Rather than another AI chatbot or RAG wrapper, it is a multi-tenant cloud AI orchestration platform engineered to deliver enterprise-grade capability at startup-level efficiency.

# Generate New Revenue & Track Measurable ROI

- RaccoonGPT is a **sovereign**, secure AI platform for individuals and organizations seeking private and transparent access to AI they can trust
- Add privacy-first AI to **complement your AI tech stack** with ROI beyond MS 365 Copilot
- **API** options for true **privacy-first agentic AI** and internal projects, built on sovereignty
- Increase **sales**
- **In-Canada frontier LLM processing** – unlike MS 365 Copilot and ChatGPT
- **Not compelled** by U.S. CLOUD Act

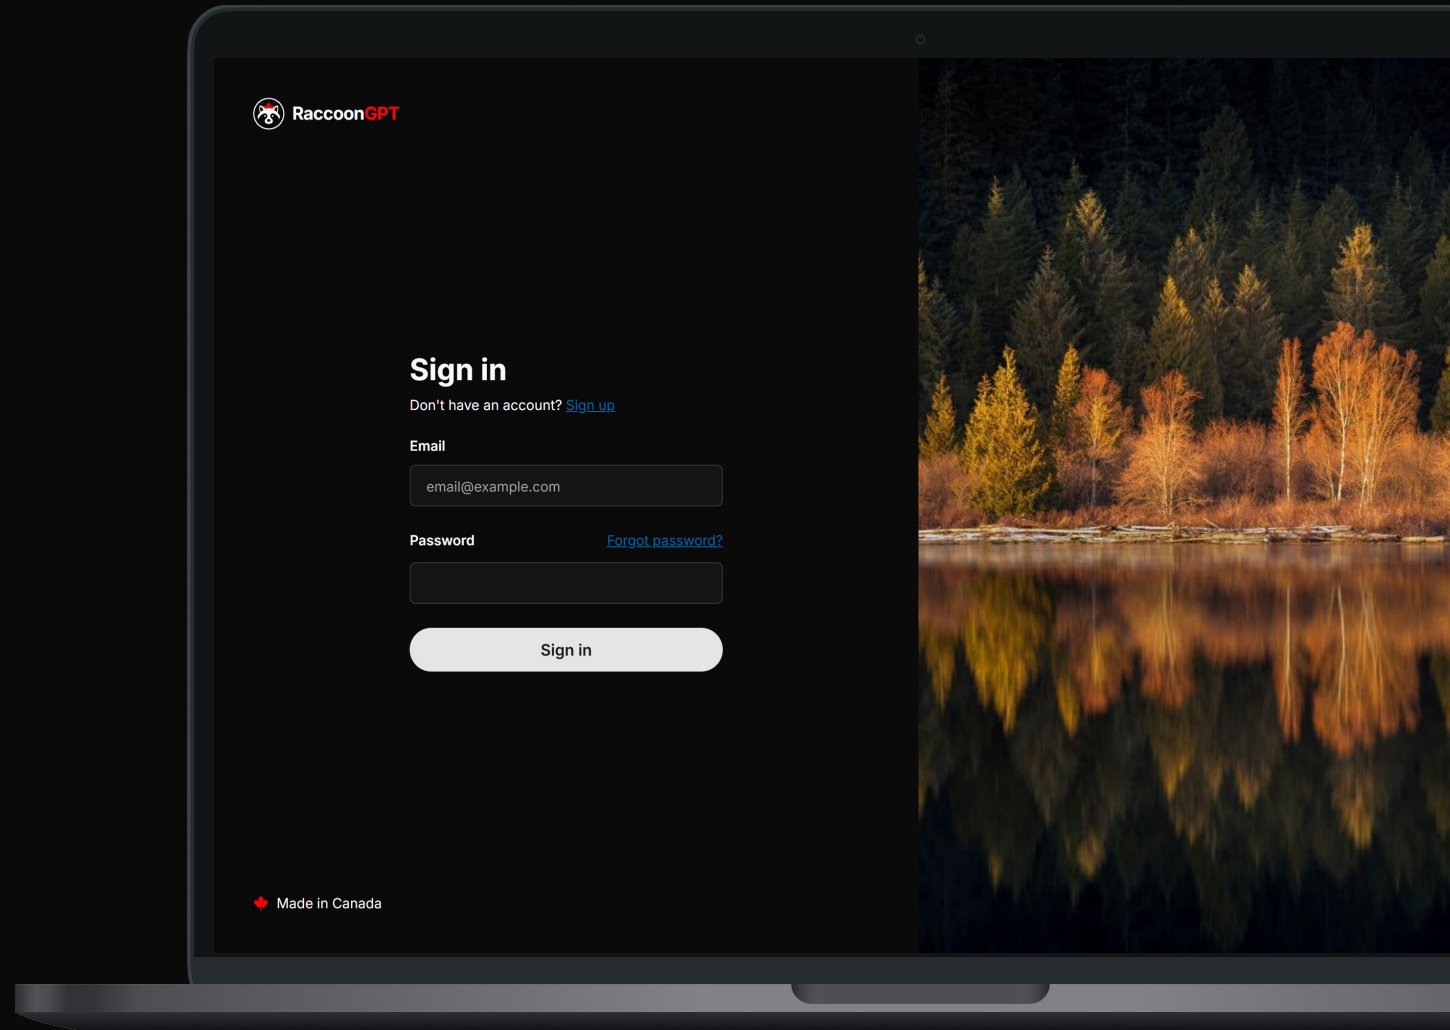

# Pilot Packages Available

Priced at \$20.<sup>00</sup> / month per user

Reserve your pilot here:
